CORPORATE SUSTAINABILITY

Williams Electrical Service, as a West Australian owned and operated business has remained committed to giving back to the community through a number of active and passive initiatives. Passive initiatives simple result from how we do business, however Williams Electrical Service remains an active member of the local community through sponsorship and charitable donations.

PEOPLE DEVELOPMENT

Williams Electrical Service would not be where it is today without its people. With a commitment to training and development for all staff ranging from those just entering the workforce to those with decades of experience. Focussing on developing our people has ensured that young West Australians are given the best possible opportunity to succeed, and that those who work for Williams Electrical Service are committed to being the best they can be. This culture of people development has enabled Williams Electrical Service to constantly grow and meet the demands of the West Australian market.

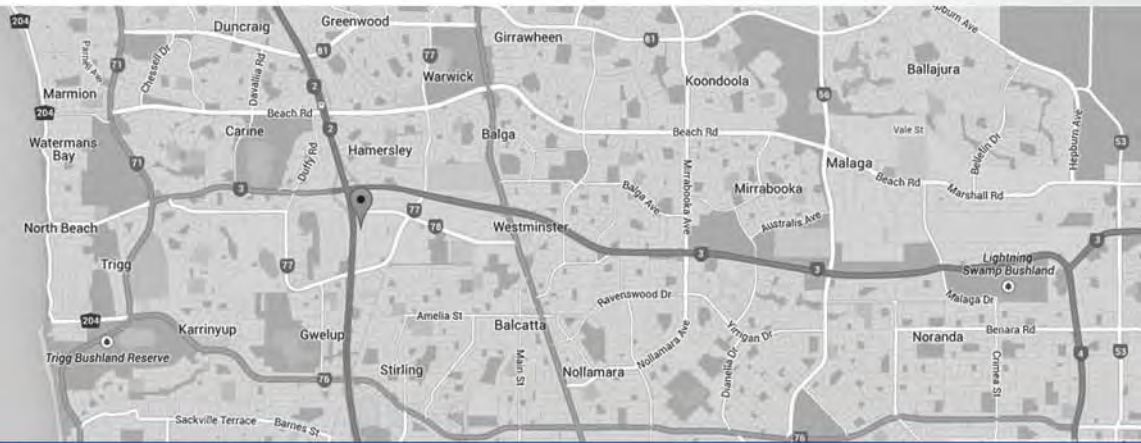

HEALTH, SAFETY AND ENVIRONMENT

Williams Electrical Service has a strong history of taking responsibility for the health and safety of our employees, clients and the wider community. Working in public spaces completing hazardous tasks requires an uncompromising commitment to safety, which Williams Electrical Service has been committed to since 1954. As well as its commitment to health and safety, Williams Electrical Service has obtained a number of environmental certifications including a Green Star Rating and FluroCycle Certification.

QUALITY FOCUS WITH UNCOMPROMISING CUSTOMER SERVICE

Williams Electrical Service is committed to customer satisfaction. Feedback from clients drives continuous improvement to ensure that the services provided remain of the highest quality. This intense focus on quality extends to all areas of the business, ensuring that our clients remain satisfied with both the finished product and the ongoing maintenance. With a proud history, it is no surprise that Williams Electrical Service has become synonymous with high quality work, and unparalleled customer service
